

Product End of Service Life (EOSL) Notification

ST9500 Series MICR Printer End of Service Life Notification

Source Technologies is committed to providing the highest quality products and services to our customers. Our effort to continually enhance the operational efficiency of our solutions for our customers requires that we evaluate and advance our products when it is beneficial.

We recognize the impact a product EOSL can have on our customers. Therefore, we are providing you with notification of EOSL for the ST9500 Series MICR printers (ST9512, ST9530, ST9550, and ST9551), effective 12/31/2016.

Newer technology often provides more productivity and greater efficiency in the same or similar applications as previous product generations. If interested in replacing this solution, we recommend considering the next generation of Source Technologies' MICR printers, the ST9700 Series. We do understand how integral this equipment is to your organization's overall productivity, and we look forward to having a conversation with you about the right technology for your needs today and into the future.

Please contact us at 1-800-922-8501 or via marketing@sourcetech.com to discuss your organization's secure and MICR printing needs.
