

Product End of Manufacturing (EOM) Notification

ST9650 MICR Printer End of Manufacturing Notification

Source Technologies is committed to providing the highest quality products and services to our customers. Our effort to continually enhance the operational efficiency of our solutions for our customers requires that we evaluate and advance our products when it is beneficial.

We recognize the impact a product EOM can have on our customers. Therefore, we are providing you with notification of EOM for the ST9650 MICR printer, effective 4/19/2013. ST9650 MICR printers will only be available as supplies last.

Newer technology often provides more productivity and greater efficiency in the same or similar applications as previous product generations. If interested in replacing this solution, we recommend considering the next generation of Source Technologies' MICR printers, the ST9700 Series. We do understand how integral this equipment is to your organization's overall productivity, and we look forward to having a conversation with you about the right technology for your needs today and into the future.

Support and service will continue to be available as long as supplies last.

Please contact us at 1-800-922-8501 or via marketing@sourcetek.com to discuss your organization's secure and MICR printing needs.
